

Honourable Prime Minister,
Government of India,
North Block,
Raisina Hill,
New Delhi 110 011

August 1, 2014

**Sub. Urgent Directions for Filing of Application for Amending Civil Curative
Petition No 345-347/2010 for Additional Compensation before
Supreme Court on August 5, 2014.**

Dear Sir,

On behalf of the survivors of the December 1984 Union Carbide gas disaster in Bhopal we wish to draw your urgent attention to the hearing of the Curative Petition filed by the Government of India on December 3, 2010 that is scheduled to be heard on August 5, 2014.

For the last several years we have attempted to apprise the Prime Minister's office that the figures of exposure related deaths and injuries in the Curative Petition filed by the Government of India are wrong and without any basis.

The government's curative petition mentions a figure of 5,295 deaths caused by the disaster, which happens to be one fourth of the figures of death reported by Indian Council of Medical Research (ICMR) in its epidemiological report published in 2004. Likewise, the petition mentions that 93 % of the victims were only temporarily injured which is against the findings of the ICMR.

You can stop a great injustice being done to the Bhopal victims by issuing directions for filing an application before the Supreme Court on August 5, 2014 for amendment of the Curative Petition. Figures based on ICMR's scientific research can then be incorporated in the amended Curative Petition.

We request you to issue directions to concerned officials in the Ministry of Chemical & Fertilizers for filing an application before the Supreme Court for amendment of the Curative Petition on August 5, 2014.
