How Do You Solve a Problem Like Guthion?

How do you take a spigot & turn it off?
What do you call the symptoms of Guthion?

- Vomiting, Dizziness
- Nausea, Convulsions
- A Cough
Many a thing you know you ought to tell them

Many a thing they ought to understand
But how do you make them stay

And listen to all you say

How do you get the feds to take a stand?
How do you solve a problem like Guthion?

How do you get this nasty poison banned?
