Form 990, Part III, Line 4a - Program Service Accomplishments

Core programs - PAN has campaign activities in three key agricultural states, as well as national and international programs. Our state campaigns in California, Iowa and Minnesota use coalition organizing, strategic communications and grassroots science to raise public awareness about pesticide harms and build momentum toward a healthier food and farming system. This year our successes included 1) an international mandate at the UN to phase out Highly Hazardous Pesticides (HHPs) by 2035; 2) supporting pesticide-impacted communities, farmworkers, and community-scale farmers in their work to support transformational change in state and federal pesticide and food systems policy and 3) promoting the principles of agroecology as a viable alternative to pesticide-based systems and a key to addressing climate change PAN builds network power through strategic alliances with other organizations, particularly those whose members are on the frontlines of harm from chemical-intensive agriculture (e.g., farmworkers, rural families, community-scale farmers and Indigenous communities). Our campaign work often leads to the creation of formal coalitions for which PAN may act as facilitator, administrator and/or fiscal sponsor.
